PRO-LOK offers a series of EXTRA DEEP shock mount cases that have full 24" clearance from front to back. These cases have been designed to contain extra deep power amps and equipment that will not fit in regular depth cases. This series is most popular with touring groups and sound companies that want to save time and leave most items connected but have enough space to not interfere with closing the rear door.

PRO-LOK saves you time and money!

Spring loaded latches

PRO-LOK

ATA CASES

PRO-LOK wood series keyboard cases offer the ultimate in protection and features. PRO-LOK cases are offered in the three most popular sizes, 61 key, 76 key, 88 key and include multiple velcro-attachable foam inserts to accommodate a larger range of popular keyboard brands and sizes.

All three models make transporting your keyboard a breeze with heavy duty nylon casters and hinge-style rubber grip handles.

PLOK-K88U

PLOK-K76U

PLOK-K61U

Stackable ball corners and rubber feet

Recessed latches and spring loaded rubber gripped handles

Heavy duty nylon casters

Foam wedges to accommodate a variety of keyboard sizes

PRO-LOK's ATA guitar and bass cases are designed to offer the most protection available for your instruments. Manufactured with heavy duty plywood with PVC exterior, recessed latches, spring-loaded rubber gripped handle and dense foam mounted in the top of the case to provide the most secure fit. You will find these cases have been "road-tested" and are "road-ready!"

PLOK-GUITAR
